

## Tipi paričnih kablov

| Standardizirana oznaka kakovosti | Pasovna širina | Omrežje  |
|----------------------------------|----------------|--|
| Level 1                          | 0.4 MHz        | telefonske in modemske linije                            |
| Level 2                          | 4 MHz          | starejši terminalnski sistemi                            |
| Cat3                             | 16 MHz         | 10BASE-T and 100BASE-T4 Ethernet                         |
| Cat4                             | 20 MHz         | 16 Mbit/s Token Ring (omrežje z žetoni)                  |
| Cat5                             | 100 MHz        | 100BASE-TX & 1000BASE-T Ethernet                         |
| Cat5e                            | 100 MHz        | 100BASE-TX & 1000BASE-T Ethernet                         |
| Cat6                             | 250 MHz        | 10GBASE-T Ethernet                                       |
| Cat6a                            | 500 MHz        | 10GBASE-T Ethernet                                       |
| Class F                          | 600 MHz        | telefon, kabelska TV, ethernet: 1000BASE-TX in 10GBASE-T |
| Class Fa                         | 1000 MHz       | telefon, kabelska TV, ethernet: 1000BASE-TX in 10GBASE-T |
